AUGUST CRIMINAL COURT

ONE CASE FOR THE ACTION OF GRAND JURY.

TWO NEW BRIDGES ON THE HARRISBURG ROAD APPROVED BY THE GRAND JURY—OTHER BUSINESS.

The regular August Court convened on Monday morning with President Judge D. P. McPherson and Associate Judges W. Howard Dicks and E. P. Miller on the bench and before the afternoon session was half over the entire business of the court had been disposed of.

When constables were called for their returns and sworn only nine constables had anything to report.

In the first ward of Gettysburg, Constable Wilson did not have any item in his report but verbally mentioned the condition of Rock Creek and the Court commented that it was likely a nuisance and if the constable desired he should amend his return. This was not done, but the time is at hand when this cesspool stream must receive attention. The borough authorities should be required to treat the outlet as they have been ordered to do daily for it is a disgrace to the town and a menace to health to continue that stinking creek upon the inhabitants of the east end, who say that there are many times every window in the houses must be kept closed to keep away the odor.

The constable of first ward of McSherrystown reported Second street out of repair, also crossing at North street and Second street.

The constable of Hamiltonian township reported road from Reed bridge to Greenstone Grit Mill in bad condition; also road from Virginia Mills to Mt. Hope.

The constable of Huntington township reported the bridge in Idaville in bad condition and a very dangerous breaker in road to York Springs borough.

The constable of Cumberland township reported the Herreter Mill road out of repair from Fairfield road to mill. Ridge road leading from Emmitsburg road at John Wolf's to Rothraup's Mill in bad condition, part of it not fit to travel over. Road from Ridge road at Witherow's spring to George Bolinger's road from Greenmount to Marsh Creek bridge in bad repair.

The constable of Mt. Pleasant township reported road leading from State Highway at Yoost's store to Littlestown road in dangerous condition.

The constable of Mt. Pleasant township reported road leading from Hunterstown and Mt. Rock road to Johns' Mill out of repair.

The constable of Straban township reported road from Harrisburg road to Table Rock in bad condition.

The Court issued warrants for the supervisors in a number of these roads, to be lifted at the discretion of the District Attorney.

The Grand Jury was next called, sworn and charged by Judge McPherson. R. K. Stultz was appointed foreman. There was one indictment and two bridges passed upon by the Grand Jury as follows:

Com. vs. Lewis H. Snyder, charged with assault and battery on information of Mr. Collins was found a true bill.

The plans, surveys and estimates for bridge over Rock Creek on Harrisburg road just north of town and for a bridge over Conewago Creek at the two bridges, being for a bridge in place of the wooden bridge were considered by the Grand Jury and approved, and Sept. 7, at 10:30 was fixed as time for hearing exceptions to the same.

After disposing of bridge cases Grand Jury was discharged.

The only case for trial was Com. vs. Lewis H. Snyder. Jury was called and sworn. It was a family squabble and when it developed that before the prosecution returned to court there had first been prosecuted before Squire Appler, which had not been returned, the District Attorney moved to no pros the case, which was allowed and the only case came to an end.

The following cases were terminated by plea of guilty entered by defendants.

Com. vs. Howard Lantz, charge bringing into the State property stolen in another State.

Com. vs. Lucian Hall, two charges, breaking and entering in day time and carrying concealed weapon.

Com. vs. Walter Freeman, two charges, breaking and entering in day time and carrying concealed weapon.

Com. vs. D. L. Stahl, charge operating a motor vehicle while under influence of liquor.

In case of Com. vs. Edward Miller, bail was fixed at \$2,000 by the Court.

Com. vs. Raymond O. Staley, charge fornication and bastardy, was settled and costs paid.

The report of viewers of a road in Mt. Pleasant township leading from the Bonneauville-Granite road to New Oxford to road leading from Salem Church to Kilpatrick road was confirmed nisi.

The report of viewers refusing to vacate road in Huntington township from a point in road leading from Carlisle to New Oxford was confirmed nisi.

C. W. Stoner, Esq. P. S. Orner and George L. Culp were appointed viewers to vacate and supply part of road in Huntington township known as Pine Grove road.

R. E. Wible, Esq. S. Miley Miller and C. W. Hykes were appointed viewers to vacate portion of public road in Hamilton township.

The first and final account of The Citizens' Trust Company of Gettysburg, guardian of Clarence Monn, minor child of Annie E. Monn, late of Franklin township, was confirmed and ward being of age and settlement made with her guardian was discharged.

At a session of the court on last Saturday a quantity of current business had been disposed of.

The 21 accounts of executors and administrators as advertised were confirmed absolute and the three accounts of Trust Companies in the estate of W. W. Hafer were also confirmed absolute.

The Citizens' Trust Company of Gettysburg was appointed trustee of a fund in estate of Mary A. Smith, late of Gettysburg.

WORRYING, SHOOTS HIMSELF

LEAVING WIFE AND SEVEN CHILDREN WITHOUT HIS HELP.

TO BEAR THE BRUNT OF THE FANCIED MISTAKES HE HAD WORRIED ABOUT.

C. H. Eckenrode, of Liberty township, worrying over the poor harvest on his farm and acceptance of what he considered too small a sum for the farm which had just been sold, committed suicide Monday morning in his woodshed shortly after 6 o'clock. Mr. Eckenrode blew his head off with a shot gun. He is survived by a wife and seven children. This is not the first time Eckenrode, who is 42 years old, had attempted suicide. On two other occasions he made unsuccessful attempts to end his life. The first time he used rat poison and on the second attempt an overdose of laudanum failed to end his life. Eckenrode showed no signs of melancholy and had gone about his work as usual for the past two weeks. It was known to his wife, however, that he was depressed because of the poor return on the farm crops and because he thought the amount of money for which he had sold his farm to William Ecker, of Woodberry, Md., was not as much as he should have asked for the land. It will be remembered that Eckenrode's cousin, William Eckenrode, committed suicide about two years ago at his farm along the Baltimore pike, when he became discouraged after a hard wind storm had blown the roof from his barn. Eckenrode is survived by his wife, whose maiden name was Miss Etta Myers, and by seven children, John, Earl, Myrtle, Bessie, Clarence, Harry and George. Two brothers, William Eckenrode, who lives between Emmitsburg and Gettysburg, and Bernard Eckenrode, of near Emmitsburg, also survive.

DAVID MARING, A HIGHLY RESPECTED CITIZEN OF GETTYSBURG, DIES ON LAST SATURDAY AT HIS HOME ON BALTIMORE STREET.

David Maring, a highly respected citizen of Gettysburg died on last Saturday at his home on Baltimore street after a week's illness at the age of 81 years. 8 months and 11 days. Mr. Maring is a native of the county, the last of six children of Mr. and Mrs. Jacob Maring. He followed farming the greater part of his life in Cumberland township, where he became well known for his success as a farmer and as a good citizen, was held in highest esteem. He was a staunch Democrat all his life. He moved to town about ten years ago.

He is survived by his wife who, before marriage, was Miss Sarah Tracy, of Lineboro, Md., and two sons, H. T. Maring, at home; and Arthur W. Maring, of Cleveland, O.; one daughter, Mrs. Clarence Snyder,

R. E. Wible, Esq. S. Miley Miller and C. W. Hykes were appointed viewers to vacate portion of public road in Hamilton township.

The first and final account of The Citizens' Trust Company of Gettysburg, guardian of Clarence Monn, minor child of Annie E. Monn, late of Franklin township, was confirmed and ward being of age and settlement made with her guardian was discharged.

At a session of the court on last Saturday a quantity of current business had been disposed of.

The 21 accounts of executors and administrators as advertised were confirmed absolute and the three accounts of Trust Companies in the estate of W. W. Hafer were also confirmed absolute.

COX SWINGS INTO CAMPAIGN

NO SEPARATE PEACE—THEY SHALL NOT PASS.

SLUSH FUND OF FIFTEEN MILLION DOLLARS BEING RAISED FOR HARDING AND DEVELOPMENTS ABOUT FUND.

Governor Cox swings into the campaign with a stride that makes the opposition uneasy. He has taken an aggressive offensive, while Harding is on the defensive on his front porch giving his time to denials and defenses of the Senate.

At the Ohio Democratic State Convention Cox declared that there will be no separate peace in justice to the dead, saying:

"I want you to go back with me just a year and a half to the time when victory was won to the time when our boys maintained their vigil on the banks of the Rhine. Stand

there in solid formation with 2,000,000 great lads behind them, Germany signed the peace document on the dotted line.

"What has happened in the United States Senate to prevent its acceptance by the upper branch of the American Congress? I need not recall, because every child knows about it. But the soldiers came back home; they were demobilized; they entered into the several walks of life believing that their victory had been complete and that the offending powers had been brought to terms.

"And now, with the armies disbanded, and now with our military strength no longer holding together, it is proposed by the candidate of the Republican Party that he will prove false to the boys who stood by until peace was made. He will destroy the pact and enter into a new covenant."

THE DISHONORABLE DEED.

"Six hundred thousand French died at Verdun defending the slogan 'They shall not pass.' More than a million English and Canadians died on the Somme, reforming their broken ranks, and hurling back the challenge. They shall not pass." They were possessed of the crusading spirit. They were preserving the democracy of the world, the very government of the earth, and now another menace is threatened, and it is proposed that some one acting in behalf of 2,000,000 soldiers and 100,000 people of this Republic shall perform a perfectly perfidious act.

"Standing at the head of the hosts of the great army which opposes the forces of reaction, standing at the head of the hosts of progress, at the head of the hundreds of thousands of independents of this country, I give to you this assurance—it is not that they shall not pass—I give the assurance that this dishonorable deed will not be perpetrated, for two very important reasons.

"First, Warren G. Harding will not have the chance to do it, and second, that I will not insult two million soldiers by doing it myself.

And then, proceeding to the second stage of these proceedings, the Republican candidate says that after he shall have made a separate peace with Germany he will then assemble the conscience of the civilization of the world and form an entirely new relationship. If for the sake of argument only, we are to assume that a separate peace with Germany were made, I believe that the Government of the United States of America would be so unworthy in the eyes of the nations of the world that none of them would have anything to do with us at all.

CONTRAST PROMISES.

"This one question will remain in the public mind. After all, this is the crux of the whole situation: The Republican candidate and the reactionaries now in control of the Republican Party promise you nothing whatsoever except a proposal which, at best, will involve months and probably years of delay.

"We promise you that after the fourth of March, 1921, with the least amount of conversation possible, we will enter into the League of Nations with the world.

A 15 MILLION SLUSH FUND.

"The task of the next four years, we went on, is readjustment, economic and governmental. Both systems were carried away, more or less, from the peace basis by the necessities of war. It must be a fair readjustment, and it can be so made only by honest methods. Millions of dollars are being contributed to the Republican campaign fund for a selfish, greedy purpose of procuring a preferential readjustment. The Republican leaders well know just how close I am to the truth when I say that the minimum fund which is demanded is \$15,000,000. This will not be scattered generally over the country, but it will be used in certain close and pivotal States, and it will be put to the uses which cannot be defined in ethics. Meetings are being held now in the cities; quotas are being allotted and the money is coming in. While the sums of money that are being collected are enormous, they are a mere bagatelle in comparison with what the contributors will get back.

"Let us concretely illustrate this and show just how it will work out. Certain banking interests fought the Federal Reserve act when it was

passed. They recognize that their power over the public resources was threatened by this progressive legislation. The song which reactionaries sing whenever justice invades the domain which they have controlled was heard all over the country when public desire, with reference to fiscal reform, was being given statutory expression. Panics were predicted, the evils of inflation were elaborated upon and the attempt was made, in the first instance, to prevent the passage of the law, and when that was unsuccessful these selfish interested persons attempted to give it the form they desired, but they were unsuccessful.

"What blessings have come to the country under the operations of this act need not be spoken of. There is a well-planned movement underway now to change the law to make only bankers eligible to membership on Federal Reserve Boards and to reform the policies as to credits and interest rates. Therefore many bankers in writing their checks to the Republican National Committee are simply making an investment, and for every dollar they give they expect many more in return.

HARDING REFUSES DEBATE WITH COX.

One of the incidents of past week was Harding's refusal to debate with Cox at the Ohio State Fair. Cox said he would be glad to debate; Harding said he would not be there.

At one of the Cox meetings the Governor declared that the soldier boys were not going to vote for the forces of reaction and that they knew that we will fight their battles for them and there was a dramatic scene when he asked all in audience who served in the war to stand up. 300 young men arose amid cheering and applause.

SLUSH FUND HALF DENIALS.

Republican Chairman Hays made a half-hearted denial about the fifteen million dollar slush fund, saying the estimate was \$3,000,000 and the Treasurer says about \$1,000,000 has already been received. Democratic Chairman George White says less than one million dollars will finance the Democratic campaign. Cox has been asked for evidence of the slush fund. Cox has asked Hays for number of districts into which the country has been divided by the Republicans and the quotas levied on each, but has been given no information.

COX TO PROVE CHARGES.

Governor Cox made the following statement a few days ago:

"Senator Harding denies my charges about the campaign fund which the Senatorial oligarchy is raising. I am prepared to believe that he knows nothing about a lot of things that are going on around him. This reveals the very dangerous symptom which I have been discussing. In my Pittsburgh speech this week I shall advise the country as to matters of which the Senator claims to be ignorant and will prove my charges."

XAVIER SCHOOL OPENS SEPT. 13.

Parochial School will open Monday, September 13, and will be in charge of Sisters of Mercy instead of the Sisters of Charity. The latter have had charge of the school for the past 21 years and have been recalled by the Mother Directress at St. Joseph's, Emmitsburg. Five Sisters of Mercy will be stationed here from the Mother House in Harrisburg. Four have arrived, being Sister Angelica, who will be the principal of the school, and Sister Arelia, both of whom were instructors in the Shadrack schools last year; Sister Dominic, a teacher in the New Oxford school, and Sister Dorothy, who was last year located in Williamson. Sister Constance, the fifth Sister, will arrive here in the near future.

St. Francis Xavier Church and Xavier Hall have been greatly improved during August by the painting of the outside of both buildings and the opening of the school hall is expected to be in the best condition with all improvements completed.

Carry Auto License in Pocket.
Automobile owners in Pennsylvania were cautioned by the Department of State Police against the practice of leaving license cards in their cars. Motor car thieves, the police asserted, find it easy to establish identification and show evidence of car ownership when they are in possession of license cards bearing motor numbers that correspond with those on the car.

Many motorists, the police said, carry their license cards in the side pockets of their cars or under seats, thereby making it easy for thieves to throw officers off the trail of stolen motors. Recently police offi-

cers stopped cars on the highways and inspected license cards and motor numbers, and they allowed the cars to proceed. Later it developed that the automobiles had been stolen before the police examined the cars and their drivers, but because the drivers held the proper license cards the police did not suspect theft.

The police urge motorists to carry their license cards in their clothing, and under no circumstances leave the cards in the car.

Information for Sportsmen.

The State Printer has completed and shipped to more than fifty counties of the State their complete quota of Resident Hunter's licenses for 1920, the balance of the counties having received a goodly portion of their entire quota. The remaining licenses will go forward within the next few days. All applications for hunters licenses can be supplied by the several County Treasurers on or before Friday, August 27, and instructions have been issued to the various officers of the State to enforce the license law after that date. Persons who desire to hunt for black birds or other game in season after August 27th must first secure and carry the 1920 Resident Hunter's license, as well as properly display the license tag at all times while hunting.

Through a special arrangement the Game Commission will be able to supply additional licenses immediately upon notice from any County Treasurer that the original quota is about exhausted, so that during the present hunting season we feel confident all applicants for licenses can be supplied forthwith upon receipt of application by any County Treasurer.

On the back of every hunters license will be found a complete summary giving the open season, bag limits, etc., except for counties that may be closed to the hunting of game or various kinds. A complete list of the counties closed will be compiled and printed as soon after September 1st as possible, and a plentiful supply of these lists will be sent to every County Treasurer of the State on or about October 1st. After September 1st a copy of the complete list of counties closed will also be sent to the various newspapers of the State for publication should they desire to do so and other steps taken to fully inform the sportsmen of the State and comply with the provisions of law governing that matter.

Respectfully yours,
SETH E. GORDON,
Sec. Game Commission.

What Women Must Do to Vote.

There is nothing difficult about qualifying to become a voter. The assessor of the district in which one lives must be seen or written to, giving the following information:

Full Christian name, last name, post office address, occupation, single or married, if single, with whom boarding, if married, husband's first name. There is not a single unpleasant question to be answered. If age is asked, the answer "21 plus" will be sufficient.

If the assessor has not been seen or written to before August 31, then go to the voting place on either August 31 or Sept. 1, where the assessor will be found between hours of 10 A. M. and 3 P. M. and 6 and 9 P. M. and give him the necessary information to be registered.

Then the Tax Collector must be seen on or before Oct. 3 and the occupation tax paid which in great majority of cases will not be over 25 cents.

The voter having been assessed her name will go on the Voter's List and ready with tax receipt when going to the polls Nov. 2, the vote will be sure to go into the ballot box and be counted.

When one hundred thousand of our boys have just made the supreme sacrifice to defend and preserve democracy, it isn't possible to conceive that any woman, who understands, would refuse to do her part to protect and preserve this democracy. Equality in a democracy means that every individual appreciates his or her duty in the function of government and in the matter of suffrage that it is a duty to vote.

Rev. Gladfelter Installed.

Rev. Paul Gladfelter was installed pastor of the Lutheran congregations at Abbottstown and East Berlin on last Sunday evening. The installation services were held in St. John's Church, Abbottstown. Our exposition of cool-weather garments is an index to the fashion thought of the world and a tribute to the thoro workmanship of American makers. We feel that our selections have brought us models that are in every way as desirable as you might find anywhere in the land—as sure in point of stylishness, as evident in point of quality, and without peer in point of value. You will not need to look beyond the store for exactly the garment to fit either your fancy or your purse.

FABRICS chosen not merely for show but for tailoring qualities that ensure enduring shapeliness and intrinsic qualities that mean long and profitable wear. The silk linings are quality linings and exquisite to a degree. Where furs are used they are of carefully selected quality.

Suits

THE variety runs from severely simple tailor models to elaborately embroidered, fancifully cut and richly fur trimmed styles meeting every need and every purse. We diligently sought—and found—that unmistakable quality in material and workmanship without which there can be no real value.

In both coats and suits we can fit perfectly not only those of regular build but the very large and the corpulent, the undersized woman and the girlish figure.

The following brief account of an interview with a Gettysburg woman six years ago, and its sequel will be read with keen interest by every citizen.

Mrs. Mary A. Gilbert, 128 W. Middle St., says: "My health was in a bad condition for some time, caused by disordered kidneys. I wasn't able to sleep much and what rest I did get didn't seem to refresh me. My back and head ached and frequently I'd get dizzy spells and chills. When I caught cold, these symptoms became worse. One of the family advised me to get Doan's Kidney Pills and I bought a supply at the People's Drug Store. Doan's certainly do just as advertised, for they gave me prompt relief in every way and I gladly endorse them."

OVER SIX YEARS LATER.

Mrs. Gilbert added: "My opinion of Doan's Kidney Pills hasn't changed and I can recommend them as highly as ever. Doan's never failed to give the desired results, so I gladly back up my former statements."
